

ANDREA BOTELLO

4561 Orleans Street, Denver, CO 80249 | (720) 238 4664 | andrea.botello18@gmail.com

Education

Smith College

Bachelor of Arts, degree anticipated May 2020 Major: Neuroscience Minor: Computer Science

Research Experience

Forebrain Development Laboratory

Sept 2017 – Present

- I work on quantification methods of large data sets.
- I create visuals for data interpretation.
- I prepare fish embryos following lab protocol.

Dating Historical Manuscripts Laboratory

Aug 2016 – Present

- I use C++ and MatLab programs to date Syriac documents from the Vatican Library for Professor Nicholas Howe.

Sex and Variability Laboratory

Dec 2016 – May 2017

- I assisted with hamster surgeries and administered medication.
- I followed detailed operating procedures and protocols with minimal supervision.
- I consolidated data for analysis.

Work Experience

Old Navy, Store Associate

June 2016 – Aug 2016

- I greeted customers and processed transactions with-in a busy, fast paced environment.
- I operated the cash registers, scanners and computers to itemize products and ring up customer purchases.
- I assisted with stocking merchandise, completed floor-sets and helped with opening and closing the store.

Youth Advisory Board

Dec 2014 – June 2016

- I managed and approved grant proposals for Far Northeast Denver's Montbello community.
- I organized community events for the Steps to Success Youth Violence Prevention Project.

Walgreens Pharmacy, Intern

Feb 2015 – May 2015

- I took prescriptions over the phone and in-person.
- I worked with health professionals and customers, answered questions and relayed information to pharmacists.
- I helped mix medicines, count pills, measured medication, labeled and gave instructions for medicine, and take payments.
